

Are you in a signposting 'merry go round' trying to find the right service?

“ I keep trying to tell my story to different people  
No-one listens! ”

Feeling overwhelmed with the decisions and choices you have to make?

“ I need help to understand all my options ”

Are you falling between gaps in services ?

Too many barriers in the way for you to get the right service or support?

“ I don't have the right diagnosis or label  
They don't cover my specific issue ”

Digital access is no good

“ I don't understand them, they don't understand me ”

The **Advocacy Safety Net** is a 6 month project from **May to October 2021** for **people with a learning disability, autism or mental health issues** (or other vulnerable adults) to **get the right support**

Some of the things we can help people to access and engage with include: local authority or district councils; Citizens Advice and debt agencies; DWP; housing; police and criminal justice agencies; specialist Learning Disability, Autism, Mental Health or Carers services; statutory independent advocacy; specialist health teams or services

Make a referral or find out more by contacting **Hampshire Advocacy Partnership**
